

CONVEYOR SYSTEMS

FOR THE CHEESE & DAIRY INDUSTRY

PERFORMANCE BUILT IN

Handling cheese and dairy products goes beyond just speed. It demands a clean design and gentle product handling.

Span Tech's conveyor systems are purpose built for the cheese and dairy industry. Providing smooth, reliable transport for everything from bagged shredded cheese and yogurt cups to bottled milk and packaged butter.

Designed for rigorous washdown conditions, our conveyors meet strict hygiene requirements with stainless steel frames and open-access designs. Built for continuous, high-output performance, Span Tech conveyors can be customized to your space and project need.

With over 40 years of experience and proven success in dairy production, Span Tech is the trusted partner for processors seeking clean, efficient conveyor solutions that keep operations moving smoothly.
